WELCOME

Hello & Welcome

to my webpage!

I'm really glad you have cum to my cyberworld.

You have entered into my world wide web zone.

This is my place to express myself creatively and share it to the world.

This website is mostly intended for the

open-minded gay male,

...but all are welcome.

If you are visiting my site

for the first time then let me give you

an unique and special welcome.

It is so great to have you.

I welcome you with open heart

to my cyberworld...A world of

'SEX, DRUGS, VIDEOS & PHOTOS.'

(which is basicly my private collection of my photos & videos)

I have a ton of images and a quite the amount of videos of

myself as well.

This webpage is about me

and that's what you will see -ME!!

I've realized that I seem to be somewhat of a narcist,

with all these videos & photos of me, it would seem quite obvious

this to be true.

So yeah, I guess I could come across as a narcist. I'm not sure really,

I just know that I have always enjoyed the camera & I still do. Photography and video have always intrigued me.

Since my younger years it has always been a big interest of mine. I am constantly being inspired. I found myself taking pictures of anything and anyone -*except myself*. I didn't ever like being in front of the camera - *HELL NO!!* I found every way to make sure I wasn't too. The only photos I had of me were ones that someone took candidly, without me knowing. Otherwise, I always ran away and hid from the camera. I was painfully shy and felt embarrassed to see myself -or anyone else see me- photographed or video recorded. I was strictly behind the camera only. I had no interest, like or desire to have the camera pointed in my direction.

THEN ONE DAY...

all of that completely changed drastically.

I turned the camera onto myself and started taking pictures and videos

of myself.

I began to love it. I also prefer being the one shooting the photos or videos, along with being the subject matter in my photos and videos. It made it easier &

more desirable to me.

-I like to be the cameraman, the director & the producer of my photos and videos.

Nowadays, I've continied my snapshots and videos of myself. I really enjoy getting naked and showing off in front of the camera, Especailly when I'm high.

Of course, I also shoot a lot more videos of myself slamming.

(on my slamming page I'll explain the story of that).

Perhaps you are a returning visitor, then

Welcome Back!

I'm always revamping & redesigning my blog, so you will probably see something fresh & new on here.

I hope you enjoy.

AS ALWAYS, I'm right here to get any questions, comments or suggestions in which you might have. Please, don't hesitate to let me understand what is to your thoughts, ideas or opinions. I would really love to hear from you.

Jus give me a lil' holla.

***And... please don't forget to sign my guestbook!**

SIGN NOW HERE!

Let me know you were here.

Are you ready?

Cuz you are about to see & discover

a ton of photos and mountains of videos of just ME!

There are my snashot photos of me getting naked & nasty and videos of me getting high, being horny and showing off.

They are my personal XXX home videos, my slamming videos,

my jerking off videos & a lots more.

All in all, THERE IS *A LOT* OF ME!

So get ready to

'CUM IN'

and see them for yourself!

It's a pleasure to have you here.

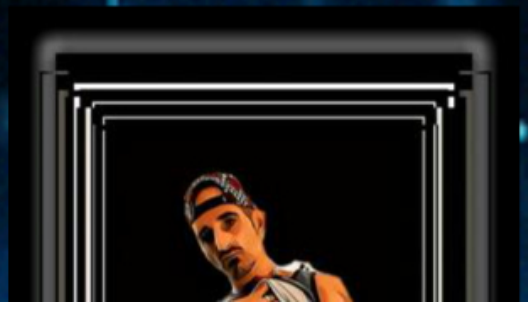

Thank you, enjoy & have fun !!

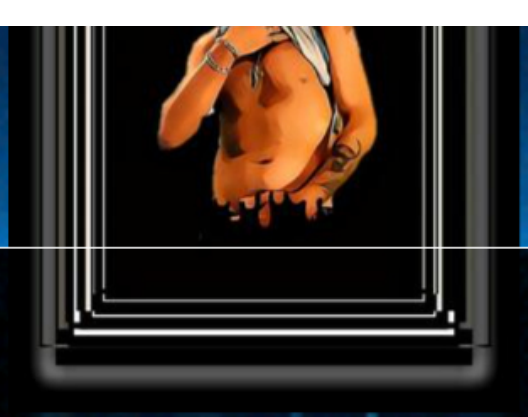

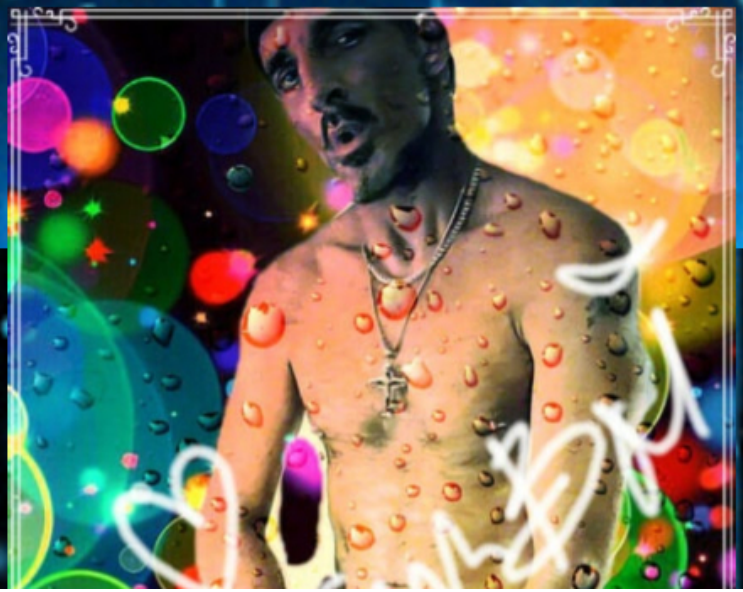

This is my third website
that I've created through the years.
The others had been pulled off line and blocked with the
aid of the web site host.
Not a word was said to me by anyone in the corporation;
I was given no clarification to the reason they deleted my web pages.
They just did it!
*(despite the fact that I do have an idea).**
but fuck 'em!!

continued from previous page ->

In the end, after spending infinite hours and days constructing my websites
and to have it all deleted in a flash,
I am now being very cautious about spending loads of time in building this internet web page.
It's very miserable to me to peer all my cool, difficult efforts and get it zapped away within seconds.
So, from knowing what may want to take place inside the beyond, I can hold it easy.
I'm preserving this site pretty simple and I'm now not going to make it as flashy
as my other websites had been.

Additionally, I suppose that if I kept it simple enough that perhaps it may not set
any bells off with *Weebly* (my current web host).
I'd opt to now not get them to make investments in their time and strength in looking at my web page.

Despite the fact that I will keep adding onto and improving matters
so long as these pages are nonetheless on-line..
I'm gonna do my exceptional to make frequent upgrades to this website thru time.
I best hope that *Weebly* won't pull the plug on my website and it'll be spared.
If some thing they should at the least allow me to realize what it was that
I did to justify the deleting my webpage.
Just a little explanation would help so I won't make do it again.
So why did they delete my other pages?
If I had to guess what the motive turned into, I would have to
mention that they did not like my photographs.

I guess my snap shots can be a little wild and crazy to a few.
In the eyes of a few prude or over-non secular individual they may see that the
nude human body as 'dirty and pornographic' and that it wishes to be deleted or censored.
They'll think that it is 'incorrect' within the eyes of God. *-really?*
I realize that there are a lot human beings in our society that study nudity as a
evil, sinful component that's dirty and wrong.

For these individuals even placed it in the identical class as violence and hate.

I find that to be absolutely ridiculous!

Those people have such twisted, ridiculous issues on something this is

completely natural- nudity & intercourse.

In case you without a doubt reflect on consideration on it,

it is all quite rattling stupid!

A picture or video of a naked guy is not hurting everyone. A video of a couple making love & having intercourse

isn't always so horrible -it is just sex! Every living creature does it. We all fuck!!

It is how all of us got here and every body needs to simply experience,

embrace and love the beauty of sex.

Everyone must simply recognize the splendor and beauty of the naked, bare body of a man or woman.

It's nature and its natural.

So, I am gonna keep my fingers crossed and pray that *my current web host* would not pull the plug on my pricey internet web page again.
I'm hoping that they will be open-minded and allow this webpage to live on for years yet to come.
It would be exceptional to have the ability to preserve and continue on constructing, enhancing and improving this my web page. To keep it growing and getting better over time. To have a spot where I can showoff & express myself, both visually and with words.

I must say, its superb to have this website...
It permits me to voice my views, express my ideas and speak my mind to all of you.
It additionally offers me a place wherein I can share my limitless pix and videos.
Its allows me to not be so shy and timid, and to be more comfortable with myself and my body.
It offers me an area in which I may be heard & seen, not to mention,

my an outlet for my creativity that is always flowing.

Its awesome to have you here!

☆ *Please don't forget to comment on my photos & videos at the bottom of each page!* ☆

"This is my web page.
My place where I can express
myself, my beliefs & my views;
A place to use my creativity;
To show my loves & inspirations:
and do it with

honesty, intriquty & love;

~And...

I give it to you!

OF DRUGS AND/OR SLAMMING DRUGS. IT MAY BE OFFENSIVE AND CONTROVERSIAL TO SOME INDIVIDUALS.

Welcome to my

Sketch SLAM 6 Videos

WARNING

THESE VIDEOS CONTAIN CONTENT THAT SOME VIEWERS MAY FIND DISTURBING.

VIEWER DISCRETION IS REQUIRED.

To go directly to my videos CLICK HERE

I've searched long & hard -on all my clouds & drives-
to compile the most extensive collection of all of my
slamming videos.

Here are the most of my videos.

Unfortunately, some were lost & others were in poor shape and there are still a hell of a lot here.

In fact, there is over 300 pages of videos!

Pretty crazy, huh?

It's no wonder a lot of my poor veins are gone-

I've had to have shoved a needle in them, at least, a thousand times,

-or probably even more.

I began recording these videos in 2013

and still record them to this day.

They were shot in various locations from parks, to motel rooms,

to public restrooms, to alleys,

to friend's bathrooms,

to a buddy's basement

& everywhere else where my my cell phone was accessible.

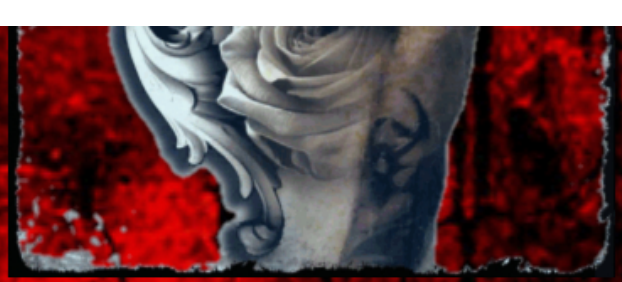

Yet, due to some of the circumstances, the quality of some of the

videos aren't the greatest,

in which I apoplogize.

They were shot with either a bad camera and/or with poor lighting.

Finally, I am sure that you have to be wondering 'WHY'
I started recording myself slamming...

Well...

One evening, partyn and playin, one of my buddys showed me this website.

It was called get2thepoint.

-It was a site that was dubbed ***'a slamming fraternity for guys'***.

I was shocked!

What a crazy and cool website, I thought.

It was defiantly a unique website.

It was very different from any other social site there was on the internet.

On this site **''THEY DID DRUGS!!''**

It straight out, bluntly & openly talked

about drugs, slamming and

getting high.

Which, at the time, was very rare and not very common at all.

This site was a ballsy new website for gay guys who 'SLAMMED'. They could openly discuss and show things all about slamming and doing drugs. You were able to meet & chat with other slammers and share photos & upload videos.

However, I did notice one thing about the videos that were posted were missing something. The majority of the videos were missing *the 'reaction'*.

The videos didn't show their faces, so you couldn't see their facial expressions &

their reaction during or after the slam.
Along with that, the videos were shot too close up of the injection & then it usually
ended abruptly after the slam was completed.
The videos lacked the key element
that made the
videos more interesting and even better.
Perhaps it was out of the fear of being seen on video,
or doing something that was illegal. Or maybe they felt that they would be looked down upon in society- I don't know, but all of those reasons are quite understandable,
but, for me, none of them deterred me
in any way. It only made me just
want to do it even more.
I tend to enjoy going against the norm and doing something that
no one else was doing or has done.
Being different is who I am and I defiantly never liked to be the like everyone else.
Plus, I knew that I could do better videos
and I didn't give a crap of any damn consequences. It just made it more interesting to me.

Initially it was going to be a just a couple videos, but the first video I posted was a hit. I was honestly quite surprised. I had guys from all over writing me and telling how much they liked it.
It took off with popularity that was truly unexpected.
I ended up recording and posting a handful of more video, which continued to become more and more popular.
However, a short time later ***get2thepoint***
closed and was shut down permantiently,
So all of that
sadly and unfortunately ended.
My videos and all of my followers were gone.

SO NOW WHAT?

I eventually started posting

I eventually started posting
my videos on *Tumblr.*
My videos were on Tumblr for awhile.
It also was very popular and I aquired
thousands of followers. Things were going good until all of that changed again...
Tumblr, with its unwise and foolish decision to begin to censor certain material on their site.
My videos began to get redflagged and censored and my slowly removed.
Tumblr changed their format and their policy and started censoring my videos on their site. It defiantly wasn't a very smart decision.
In wanting to make a few sponsers happy, Tumblr lost a ton of users,
including myself. I haven't been on Tumblr's website since.

Shorty after that, Pornhub began to be the place. I had a ton of my videos on there for many years and had thousands
of followers as well.
Everything was all going great until
one day that also changed.
In April 2020, *Pornhub* found themselves in legal trouble with the law & that's when they began to remove certain content. *Pornhub* changed their policy and my videos were part of its removal.

Now with a limited amount of various websites to have my videos on. I ultimately decided on creating a website where I could share them on. So
'BBcumBoi's Cyberworld of Sex, Drugs & a Camera' was born.

''MY VIDEOS ARE ON HERE!!''

Currently, I have over a **300 pages** of these videos *(perhaps too many)* but you can see them all here!
To view these videos is simple, just **click the devil** pig below holding the syringe.
He'll lead you in the right direction and right *'to the point'* to my collection.
I hope you enjoy *& keep on slamming!*

I NEED A FAVOR!

IF YOU COME ACROSS A VIDEO THAT I'VE POSTED MORE THAN ONCE...COULD YOU PLEASE JUST TOSS ME A QUICK NOTE LETTING ME KNOW WHAT PAGES YOU SAW THEM IN?

It would be a great help for me.

(IN GATHERING ALL OF MY VIDEOS IT'S BEEN RATHER DIFFICULT ON NOT FINDING & POSTING THE SAME VIDEO TWICE.)

It's hard to keep track of them all and my goal is to have no doubles.

^^

JUST...

Thank you for your help!

BUT MOST IMPORTANTLY:

I'd like to thank all my fans out there. Your letters I've received from you have been inspiring, sweet and very kind...you guys are amazing!

Thank you very much!! I appreciate you a lot!

I love you guys!

-BBcumBoi
